I. STD 101 in a Box Description

"STD 101 in a Box - Ready-to-Use Presentations" is based on materials from a pre-conference workshop, STD 101, which was presented at the 2002 National STD Prevention Conference in San Diego, CA. The purpose of the workshop was to provide conference participants, who may have had little or no STD prevention experience, a basic knowledge of STD Prevention so that they could actively participate in the conference. The purpose of "STD 101 in a Box" is to provide users with the conference materials so that they may develop similar workshops.

These materials may be customized for conferences or group discussions and presentations. Topics include STD clinical and behavioral information, HIV/STD inter-relationship, STD epidemiology, and STD prevention program information.

Potential users may include, but are not limited to, community-based organizations, public health departments, schools of public health, health educators, primary care providers, and Disease Intervention Specialists (DIS).

II. STD 101 in a Box Materials

"STD 101 in a Box" materials include PowerPoint presentations, Adobe Acrobat and MS Word documents, and a short demonstration video of the "Sex in the City" activity.

Presentations (available in PowerPoint and Adobe Acrobat)

- Welcome presentation
- Common STDs:
 - STD 101 for clinicians
 - STD 101 for non-clinicians
- The STD/HIV inter-relationship
 - The STD/HIV inter-relationship support document
- Behavioral interventions for STD prevention
- Current epidemiology of selected STDs
- STD prevention programs:
 - Federal view
 - Local view

Exercise and Instructional video (available in QuickTime, Shockwave, or Windows Projector)

- "Sex in the City, An Inside View" instructional document
- "Sex in the City, An Inside View " demonstration video for the "Sex in the City" activity

Support materials (available in MS Word and Adobe Acrobat)

- "STD 101 in a Box" user's guide
- Discussion questions
- Evaluation form (sample)

III. Target Audiences

The "STD 101 in a Box - Ready-to-Use Presentations" materials provide eight presentations. Although the presentations are informative, they may not be appropriate for every audience type. Table 1 suggests appropriate audience types for each presentation.

Table 1: Target audience(s) for each presentation

Presentation	Target Audience						
	General	Medical providers	CBOs	Health Departments	Schools of Public Health	Schools of Medicine/ Nursing	Adolescents and Youths
Welcome presentation	X	X	X	X	X	X	X
Common STDs: STD 101 for clinicians	X	X		X		X	
Common STDs: STD 101 for non-clinicians	X		X	X	X		X
The STD/HIV inter-relationship	X	X	X	X	X	X	X
Behavioral interventions for STD Prevention		X	X	X	X	X	
Current epidemiology of selected STDs	X	X	X	X	X	X	X
STD prevention program: Federal view	X		X		X	X	
STD prevention programs: Local view	X		X		X	X	

IV. Customization

These materials may be adapted to meet your needs. All materials provided are in the public domain. You may reproduce these materials without permission. You are also free to adapt and revise these materials; however, you must remove the Department Health and Human Services (HHS) and Centers for Disease Control and Prevention (CDC) name and logo if changes are made.

If you plan to customize the presentations, you may download the files in Microsoft PowerPoint format (.ppt), and text documents in Microsoft Word (.doc). Because some of the files are large, you may experience significant download time.

There are several ways in which the presentations may be customized. In general, one may include specific examples of state or local data, or both, interventions, issues, or policies. Table 2 details how each presentation may be customized.

Table 2: Tailoring of STD 101 in a Box presentations to target the audience

Presentation	Customization
Welcome presentation	<ul style="list-style-type: none">• Use an audience-specific agenda (refer section V)• Modify the objectives to meet the needs of the audience
Common STDs: STD 101 for clinicians	<ul style="list-style-type: none">• Discuss case studies specific to your audience and jurisdiction• Exchange the clinic image for local images• Discuss the implementation of CDC STD/HIV treatment guidelines in local practice on treatment therapies and clinical trials (status reports)
Common STDs: STD 101 for non-clinicians	<ul style="list-style-type: none">• Provide local STD clinic contact information
The STD/HIV inter-relationship	<ul style="list-style-type: none">• Discuss specific local examples of the effect that STD and HIV morbidity has on your community
Behavioral interventions for STD Prevention	<ul style="list-style-type: none">• Discuss the status of behavioral interventions that are being used in the local and state areas
Current epidemiology of selected STDs	<ul style="list-style-type: none">• Describe the local epidemiology of selected STDs, including local disease in MSM, women, youths, and children
STD prevention program: Federal view	<ul style="list-style-type: none">• Discuss federal funding status and how the funds are spent• Discuss how federal programs are affecting the local epidemiology of disease
STD prevention programs: Local view	<ul style="list-style-type: none">• Describe local STD programs in more detail: Public Health Department activities, list of reportable STDs, reporting mechanism, specific laws and policies related to STDs, identify publicly funded clinical services, and social programs. Provide a local organizational chart.

The "STD 101 in a Box - Ready-to-Use Presentations" website provides links to additional resources that may be used to tailor your presentations to a particular audience.

The Welcome Presentation lists the objectives. Table 3 links the curriculum material(s) with corresponding curriculum objectives.

Table 3: Materials and corresponding objectives

Objectives	Material(s)
1. Describe the signs, symptoms, and complications of common STDs	<ul style="list-style-type: none"> • Common STDs: STD 101 for clinicians and non-clinicians
2. Describe the importance of screening for and early detection of STDs	<ul style="list-style-type: none"> • Common STDs: STD 101 for clinicians and non-clinicians • STD/HIV inter-relationship • "Sex in the City, an Inside View" activity
3. Identify available resources for information about STDs	<ul style="list-style-type: none"> • Common STDs: STD 101 for clinicians and non-clinicians • Resource links on the STD 101 in a Box website
4. Describe the connection between STDs and other public health problems	<ul style="list-style-type: none"> • STD/HIV inter-relationship • "Sex in the City, an Inside View" activity
5. Describe STD behavioral interventions	<ul style="list-style-type: none"> • Behavioral interventions for STD prevention
6. Identify populations in the U.S. with high and increasing STD morbidity	<ul style="list-style-type: none"> • Current epidemiology of selected STDS
7. Describe the STD prevention program at the federal level	<ul style="list-style-type: none"> • STD prevention program: Federal view
8. Describe the STD prevention program at the state/local levels	<ul style="list-style-type: none"> • STD prevention programs: Local view

V. Suggested Agendas

These materials may be used separately or as a group depending on the user's intentions. The following examples identify audience specific agendas.

Mixed Audience Agenda

1. Introductions and welcome
2. Common STDs
 - a) STD 101 for clinicians, or
 - b) STD 101 for non-clinicians
3. The STD/HIV Inter-relationship
4. "Sex in the City, An Inside View" activity
5. Behavioral Interventions for STD prevention
6. Current epidemiology of selected STDs
7. STD prevention programs
 - a) Federal view
 - b) Local view
8. Conclusion and evaluation

Clinic or Primary Care Providers Agenda

1. Introductions and welcome
2. Common STDs
 - a) STD 101 for clinicians
3. The STD/HIV Inter-relationship
4. Behavioral Interventions for STD prevention
5. Current epidemiology of selected STDs
6. Conclusion and evaluation

Health Department Agenda

1. Introductions and welcome
2. Common STDs
 - a) STD 101 for clinicians, or
 - b) STD 101 for non-clinicians
3. The STD/HIV Inter-relationship
4. Behavioral Interventions for STD prevention
5. Current epidemiology of selected STDs
6. Conclusion and evaluation

School of Public Health Agenda

1. Introductions and welcome
2. Common STDs
 - a) STD 101 for non-clinicians
3. The STD/HIV Inter-relationship
4. "Sex in the City, An Inside View" activity
5. Behavioral Interventions for STD prevention
6. Current epidemiology of selected STDs
7. STD prevention programs
 - a) Federal view
 - b) Local view
8. Conclusion and evaluation

Medical/Nursing School Agenda

1. Introductions and welcome
2. “Sex in the City, An Inside View” activity
3. The STD/HIV inter-relationship
4. Behavioral interventions for STD prevention
5. Common STDs
 - a) STD 101 for clinicians
6. STD prevention programs
 - a) Federal view
 - b) Local view
7. Current epidemiology of selected STDs
8. Conclusion and evaluation

Young Adults Agenda

1. Introductions and welcome
2. “Sex in the City, An Inside View” activity
3. Common STDs
 - a) STD 101 for non-clinicians
4. Current epidemiology of selected STDs
5. Conclusion and evaluation
