

Thomson Reuters ONESOURCE™ PROPERTY TAX

ASSESSMENTS AND BILLS PROCESS

ONESOURCE fully automates the assessment and bill process by giving you the ability to scan and save miscellaneous correspondence as well as assessments and tax bills, offering online review and approval tools and giving a complete audit trail for internal controls as well as Sarbanes Oxley assistance. With ONESOURCE you have access to over 70 reports that can be filtered and run with a variety of different parameters, such as entity, state, jurisdiction, property ID, parcel number and custom user-defined fields. Additionally, all data entry and work screens have custom report writing capabilities in which (or "allowing you to" ...) you can print reports directly from the screens or export data in MS Excel, Adobe PDF, or tab-delimited text formats.

With ONESOURCE Property Tax you can streamline:

- Assessments
- Tax bills
- Rates
- Check requests
- A/P Export to enterprise system
- Document storage
