Greeting from La Paz County:

Exciting things are happening in La Paz County

Children are back in school and winter visitors are still far away in their cooler homes! So it's a slower time for us here in Bouse Public Library and Centennial Public Library.

Thanks to our generous community and the help of many volunteers, our summer reading program was a huge success. We were able to have some great speakers and programming. Bouse Public Library hasd 24 children enrolled with 19 completing the program. Centennial had 48 children enrolled with 32 completing the program. This was a six week, one day a week program.

La Paz County Libraries are currently joining the Southwest Valley Library Consortium to offer our patron E-Books.

We are participating in the Online Census 2020.

We have hosted 2 meeting at both libraries with ADEQ concerning some heavy industry that is moving into our community.
