This manuscript provides a detailed introduction to ferroptosis, especially in liver cancer cells. This may provide some reference for future clinical and therapeutic directions. But the abstract needs to better summarize the entire manuscript. The manuscript also did not provide a good summary of ferroptosis in liver cancer cells.

Reply: Thank you very much for your advice.

We have made a more in-depth summary of the abstract according to your request, and have added a summary of this study at the end of the manuscript. Thank you again for your valuable suggestions.
