## Notice of Proposed Closure of a NPIAS Runway 18/36

**Smith Center Municipal Airport (K82)  
Smith Center, KS**

**ASN: 2024-ACE-1231-NRA**

The Federal Aviation Administration has received notice of the proposed closure of a public use runway:

FAA Site # 06902.\*A

Latitude: 39-45-45.40N Longitude: 98-47-40.20W

Elevation: 1799.5 AMSL

Layout: RWY 18/36 3,601' x 50' Asphalt A(NP)

The City of Smith Center is abandoning RWY 18/36 due to underutilization and the increased cost to maintain the runway.

Interested persons are invited to submit comments relative to this runway closure and its effect this proposal could have on the use of airspace by aircraft.

Please submit your comments via email to the Airspace Specialist below no later than April 24, 2024. Include the above ASN in your comments for reference.

Sincerely,

A handwritten signature in blue ink that reads "John D. Karrasch" followed by a horizontal line.
