

# Prepare for your Exams

## with RANZCOG & RCOG eLearning resources!

Unlock a wealth of knowledge with access to Acquire resource pages and RCOG's comprehensive suite of core eLearning modules for comprehensive study support.

The FRANZCOG resource pages have been updated with book chapters from McGraw Hill titles such as *Williams Obstetrics 26e*, *Williams Gynecology 4e*, *Cunningham and Gilstrap's Operative Obstetrics 3e*, and *CURRENT Diagnosis & Treatment: Obstetrics & Gynecology 12e*.

### Updated Resource Pages:

- [Medical & surgical conditions in pregnancy](#)
- [Obstetrics](#)
- [Gynaecology](#)

### Access Over 70 Core Modules from RCOG:

- [Core Obstetrics Modules](#): Dive into Antenatal Care, Maternal Medicine, Labour and Birth, and Postpartum and Neonatal Issues.
- [Core Gynae Modules](#): Explore Gynaecological issues and early pregnancy loss, Subfertility, Sexual and reproductive health, Urogynaecology and pelvic floor issues, and Gynaecological oncology.

### How to Access:

- Log into Acquire: First, sign into [Integrate](#), and you will find the 'Acquire' link under Quick Links for seamless access.
- Activate your RCOG account: To activate your account, follow the instructions provided on either the [Core Obs](#) or [Core Gynae](#) pages.
- Start learning!

### Study tips:

- Engage with the material actively by summarising, teaching others, or creating mnemonics to improve retention.
- Collaborate with peers to discuss challenging concepts and quiz each other for a deeper understanding.
- Take regular breaks to prevent burnout and maintain a healthy lifestyle with exercise, nutrition, and sleep.

If you have any issues with accessing materials, please email [elarningsupport@ranzcoг.edu.au](mailto:elarningsupport@ranzcoг.edu.au).

Good luck!
